DENTAL ARTS

Welcome to our dental family!

We appreciate the trust you have placed in us, and we will strive to provide the highest quality of dental care that you expect and deserve.

The focus of our practice is health-centered, preventative dentistry. We enjoy helping people actively participate in their own healthcare and in controlling the causes of dental disease. This starts with diagnosis and may include various treatments of prevention, restoration, and maintenance, designed specifically to your dental needs. We offer a full range of services including restoration of dental implants, TMJ therapy, Invasign[®], and aesthetic restorative treatment designed for long term beauty, comfort, function, and low maintenance.

We truly aspire to make a difference in the lives of our patients. We take great pride in our ability to provide you with optimal dental care designed for your unique needs and desires.

The first step toward complete oral health is a thorough examination and diagnosis. We want our patients to make informed choices by fully understanding their dental problems. The doctor will review your dental needs with you at your initial appointment or, if necessary, at a later consultation appointment.

We kindly ask that you plan on paying in full as services are rendered, unless other arrangements have been made. We will file dental insurance on your behalf and make every effort to get your maximum benefit allowed by your plan's coverage.

We look forward to seeing you and being a part of your healthcare team!

Sincerely,

Erica E. Beaty, D.D.S.
